DETAILED ACTION

1. Claims 1-3, 5-9, 14-15, and 30 are currently pending in the instant application.

Priority

2. This application is file on 04/14/2004, which claims benefit of 60/467,057, filed on 04/30/2003.

3. *Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-3, 5-9, 14-15, and 30 are rejected under 35 U.S.C.

112, first paragraph, as failing to comply with the written description requirement. The claim contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claims 1-3, 5-9, 14-15, and 30 have the proviso in claim 1, page 4, last 5 lines, which has no antecedent basis in the specification.

This is a NEW MATTER rejection. Removal of all new matter is required, In re Russmussen 210 USPQ 325.

4. The rejection of claims 1-3, 5-9, 14-15, and 30 under 35 U.S.C. 102(b) over Murthy et al., Bioorganic & Medicinal Chemistry, Vol. 10,2002, pages 2267-

2282, Malamas et al., US 6,232,322, Malamas et al., J. Med. Chem., 2000, Vol. 43, pages 1293-1310, Malamas et al., WO 9958518, Schacht et al., US 4072754, Bolhofer et al., DE 2307038 is maintained for reason of record. Applicants argue that the proviso in claim 1 excludes the compounds in the prior art. It is the examiner's position that the proviso is NEW MATTER, which has no antecedent basis in the specification.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
